

# Corrections to previous financial statements briefing materials

As stated in the "Notice of Revisions to Previous Securities Reports" published on our website today, there were errors in previously calculated consolidated orders received and order backlog figures. Accordingly, we have corrected the consolidated orders received and order backlog figures in 10 of the financial statements briefing materials released between the fiscal year ended March 31, 2019 and the fiscal year ended March 31, 2023.

We would like to express our sincerest apologies for any inconvenience caused to our shareholders and investors as a result of these errors.
